Solitude Monitoring
Galiuro Wilderness
East Divide Trail in Ash Creek

Monitoring Area

Between the trailhead at the end of Forest Road 660 and junction with Basset Peak Trail #287C at top of East Divide ridge. You do not need to hike the entire length of the trail and can remain in the canyon bottom.

Driving Directions

High clearance 4WD encouraged.

From Willcox, take Exit 340 for Rex Allen Road. There are several gas stations, restaurants, and a Safeway at this exit. Turn to the west side of the interstate onto Fort Grant Road/Brookerson Road and follow it 18 miles as it winds and turns generally to the north out of town, turning occasionally to go around agricultural fields.

Near the Naturesweet Tomato facility and greenhouses, you will turn west onto Ash Creek Road. Continue west 3 miles until coming to a 4 way stop at the intersection of Ash Creek Road and Fort Grant Road. Continue west, leaving the pavement onto a graded dirt road. This is the beginning of the Sunset Loop.

Travel 14.3 miles along the Sunset Loop until reaching Forest Road 660 near the bend in the Sunset Loop where it turns north. Turn west onto FR 660 and follow it approximately 2 miles to the trailhead. For the last 2 miles, high clearance 4WD may be necessary.

Trailhead coordinates: 32.50725,-110.23516
