Solitude Monitoring
Hellsgate Wilderness
The Narrows

Monitoring Area
Along Tonto Creek from the western Hellsgate Wilderness boundary outside Gisela, AZ and continuing upstream for approximately 1.5 miles.

Driving Directions
From Highway 87 approximately 1 mile south of Rye, turn east onto the Gisela Road and continue for 5.2 miles until the pavement ends. Continue straight. After 0.4 miles, stay on the main road as it turns left around a large field at a sort of T intersection. Continue one more mile until you find one of several small pull-outs along the road.

From here, it’s a cross-country walk along old roads and detouring around private land (see blue line on attached map) into The Narrows. There is no official trail. Red line on map outlines the monitoring area.

Trailhead coordinates: 34.1233, -111.2702
