Solitude Monitoring
Mt. Wrightson Wilderness
Bog Springs Trail

Monitoring Area

Between the trail junction just south of the Wilderness boundary at the west end of the Bog Springs Trail and the Wilderness Boundary at Kent Spring. (See map for more details.)

Driving Directions

From I-19 in Green Valley, take exit 63 for Continental Road and head east for 1 mile. Turn right onto White House Canyon Road/Madera Canyon Road, following signs for Madera Canyon. Continue just over 12 miles into Madera Canyon. The trailhead is the first left immediately past the entrance to the Bog Springs Campground.

From the trailhead, walk 0.88 mile roughly east and then curving south until coming to the intersection for the Bog Springs Trail, which is marked with a sign. This is the start of the monitoring area. (See map for more details.)

Madera Canyon is a fee area and requires an $8 day use fee for parking, payable at multiple self-service fee stations throughout the canyon with cash or check. Due to high use, parking can be challenging to find nearby at times.

Trailhead coordinates: 31.726782, -110.880201
